Examiner's Amendment:

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

In the Claims:

*Cancel* non-elected claims 12-41.

Authorization for making this amendment was provided by W. Bradley Haymond, applicants' counsel, on 2/7/07.

Reasons for Allowance:

The following is an examiner's statement of reasons for allowance:

The prior art does not teach the applicants' claimed specific method and steps for making a solid free-form fabrication of a 3-Dimensional Object. The appellants' appeal brief filed on 11/13/06 was also further reviewed and found persuasive to render their claims allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
